

LET'S LEAVE ALL OUR LOST YEARS BEHIND

Come a little bit closer
G **C-G**
so that you can walk right through my mind.

C **G**
Come a little bit closer,
G **C-G**
and please, keep anything that you'll find
C **G**
but let's leave all our lost years behind.

Already long time ago
A **Em**
our love woke, 'though we hardly knew.
D **B7**
But then none of us did dare to show
Em **D**
what we both deep inside felt was true
C **B7**
and the years that we lost they just flew.
C **B7**

Come a little bit closer
G **C-G**
so that you can walk right through my mind.
C **G**
Come a little bit closer,
G **C-G**
and please, keep anything that you'll find
C **G**
but let's leave all our lost years behind.

And you waved a life of your own
A **Em**
while I built a card-house on a lie
D **B7**
as the wind of reality blown
Em **D**
and my life slowly started to die.
C **B7**
And I never could understand why!
C **B7**

While we rode high
Em - Bm
on the dreams that never came true.
Am **B7**
And we denied
Em - Bm
that it was anything else we could do
Am **B7**
than to accept that our lives must be blue.
Em **D** **Em**

But one day was everything clear,
A **Em**
when you suddenly stood by my side.
D **B7**
It was then as I lost all my fear,
Em **D**
and I saw everything that I lied.
C **B7**
And nothing was left more to hide.
C **B7**

Come a little bit closer
G **C-G**
so that you can walk right through my mind.
C **G**
Come a little bit closer,

and please, keep anything that you'll find
C **G**
but let's leave all our lost years behind.
